## Rainbow Bowl Raises Over \$250 For Tripp's Fund

Two teams of well-drilled, hard-fighting young ladies provided a crowd of nearly 500 with some football thrills Saturday night at Pakokee's Fair Field in the first-ever "Rainbow Bowl" powder-puff football game.

Played for the benefit of the Tripp Alderman benefit fund, the two teams battled to a scoreless tie although some good kicking and passing plays were included.

The exact date was not available by press time, however, more than \$250 was collected for the young Pakokee high school football star who was seriously injured in a pre-season auto accident.

The special gift and other funds will be presented by the two Rainbow Chapters at an open house during the holidays at Tripp's home.

Both assemblies expressed their appreciation to the public for attending and for the co-operation of the school students and officials at Belle Glade and Pakokee.

The exact date of presentation will be announced at school in the exact date of the open house is set before Dec. 18, or plan to make such a presentation WRIM's teen hour one afternoon.

The assemblies, prodded by overwhelming public acceptance of the girl-type football game, plan to make such a benefit game an annual affair.

Much praise was directed at the football boys who coached their respective teams in fundamentals and sharp plays.

Charles Lewis, "Butter" Bus from Belle Glade and Andy Early and George McElhenny for Pakokee proved to be outstanding coaches.

Present and introduced were Mrs. Ethel Dobson, past grand matron, Brenda Mrs. Virginia Bickler, grand elect, West Palm Beach, Mrs. Helen Moore, grand elect, Boynton Beach, and Mabel Young, grand instructor district 18, Pakokee; Mrs. Estelle Roberts, grand representative to Washington, Cleveland; Mrs. Jenny McKinstry, grand representative to West Virginia, Pakokee. Twenty-five worthy matrons and patrons and past presidents of the chapter were also introduced. Mrs. Dobson and Mrs. Young acted as the hosts.

Mrs. McElhenny addressed the chapter speaking on the "Obligation of the Order." Mrs. Dobson presided and Mrs. Young acted as the hostess.

Refreshments of Xmas cookies, nuts and merriment were served following adjournment of the meeting.

Mrs. Aleese Cherry headed the dinner committee; Mrs. Agnes Baker, refreshments.

## Rams Drop Third Net Contest 65-39

Belle Glade's basketball squad was losing to Ft. Pierce 65-39 Tuesday night at the same time Pakokee was stopping Stuart 45-35 for their second straight win. It was the Rams' third straight loss.

The Rams suffered a setback in the game. Dave Maguire of Ft. Pierce hit ten of his 18 points for the evening in the final quarter.

Neal Livingston hit 16 points, 10 of which were made in the last quarter. He scored all but one of his points until the last quarter.

Homer Stead was also a top scorer for the Eagles with 14 points.

Score by quarters: Ft. Pierce 12 10 15 25 Belle Glade 9 10 10 10

Pakokee's win was hastened by a bad third quarter from Stuart as they scored only three points. Center Robert Shaw was the big gun with 20 points for the Rams. He scored all but one of his points until the last quarter.

Arrangements of fire, ball point pens, Christmas greens and red berries also silver and gold Christmas trees were used in decorations.

Mrs. Dorothy Graber, worthy matron presided at the meeting and welcomed the members and introduced the guests.

The worthy grand matron presented a certificate of recognition to the worthy grand patron Boy Harris of Clearwater, who was unable to be present.

## Advisory Committee Continues Its Aid Program To Needy Migrant Families

Belle Glade's Migrant Committee has been functioning in full swing since its creation this year, according to Grant Averill, chairman of the committee. Since Nov. 12, 24 individual cases have been assisted with an average of three per day refused aid from some established reason.

These 24 cases have involved destitute people who have received food, a place to sleep, a bus ticket to leave the area, or a bus to drive away; however, no actual cash has been disbursed to anyone. One case requiring medical attention was referred to the county health department.

In some cases jobs have been obtained for the unemployed, or they would have been referred to job opportunities. Most cases involve families with two, three or more children.

Of those turned away from assistance are those who were intoxicated (if one can drink, he can also work and eat), those who left another place broke and came to Belle Glade looking for a hand-out, and those for whom nothing practical could be done.

Christmas Help

Some cases have a distinction been made because of color. In fact, no distinction whatsoever has been made among those requesting help except for those reasons and related reasons stated above.

In addition to regular migrant help, civil leaders and groups in the city have been compiling names of needy families for distribution of Christmas baskets and other donations. The Chamber of Commerce is operating as a clearing house for those wishing to donate or obtain help and the Police Department is investigating the validity of these requests.

So far, 28 Negro families and 24 White families in Belle Glade alone have been singled out for assistance. In addition, 15 South Bay families and nine at Lake Harbor will receive help. Requests are pouring in continually.

Officers in charge of this distribution stressed that each case was being screened for fraudulent claims and that no one would receive aid who was not in need.

Advance enrollment is necessary. It is a free service to the community. Mrs. Wood remains. Attendance at these meetings could prolong or save your life.

## Storm Causes Freak Disturbance With FP&L Wires

One small fire and some electrical damage was reported at Belle Glade Thursday evening when tree branches and limbs blowing against electric wires south of Belle Glade caused a short circuit which disrupted service to many Belle Glade residents.

Generally confined to the area south of Ave. A and east of S.W. 4th St., the electrical interference resembled a small wire clothes line as it twisted and turned in the wind, and yellow sparks and flames broke the wires north.

One motorist reported that a glow from the wires was visible on 20 Mile Bend. Reports that a tornado hit the area could not be confirmed by weathermen, field folks until the last quarter.

Pakokee's Richard Shackford got 15 points.

Score by quarters: Pakokee 12 10 10 10 Belle Glade 9 10 10 10

**South Bay Plant Offers Santa Help**

Santa Claus has a supply base in South Bay! The Shell Emporium has grown from a roadside stand offering shells from the four corners of the earth to a manufacturing firm of shell novelties with its main operation in the old Baptist Church building.  
In addition to the shells, shell novelties, the offerings of the South Bay institution have added, hand and tote bags, belts, Alligator bags and novelties, South-Bay Florida-made, appropriate for Santa to include for every member of the family.  
It is not unusual to find half a dozen to a score of out-of-state tags on the autos daily lined up at the Shell Emporium.  
Mr. and Mrs. Ellis W. Crant, former owners of a shell factory in Ft. Myers purchased the South Bay business from the original owner, a member of the Crant family, and have begun the manufacture of a large majority of the items sold in the South Bay Store, as well as in one owned and operated by them in Dania.  
Glades residents are invited to stop at the Emporium in order to acquaint themselves with this South Bay industry as a community operation, as well as to shop the Christmas Gift opportunities.

**Mrs. Prevatte Will Entertain Girls Class**  
Mrs. Frank Prevatte plans to entertain her Intermediate Girls age 15-16 of the Training Union of the First Baptist Church of South Bay at her home in Bean City Dec. 21 after church services with a party and gift exchange. All girls of the class are asked to please attend and bring a gift for exchange.

**South Bay School News**

Six cheerleaders were chosen Friday morning at assembly for the basketball games. They were Laura Rogers, Gladys and Norma Dalrymple, Suzanne Willis, Rebecca Mathis and Captain, Sharon Wilder. Daphne Henderson was chosen as first alternate and second alternate was Maria Gutierrez.  
South Bay Junior High basketball team played Pahokee at Pahokee Friday night and were beaten by a score of 32 to 13.  
At the invitation of our PTA, Santa Claus will visit the tree in front of the school building December 19, arriving about 7 p. m.  
The school takes this opportunity to thank parents and friends for the very fine support given us and the school program.  
Just in case the youngsters haven't told the parents, school will be dismissed for the holidays Friday December 19 and classes will be resumed on Monday January 5, 1959.

**Celebrate Birthdays**

O. V. (Pop) Clifford and Mrs. Jim Garrison celebrated their birthdays at a joint dinner Friday night at the home of Mr. and Mrs. Jim Garrison and Perry at the Starling Trailer Park.  
The center of attraction at the dinner was the large birthday cake, decorated with "Happy Birthday" and red roses.

**Christmas Lights Create Holiday Spirit**

Santa Claus is sure to make his annual visit to South Bay as the town is aglow with Christmas lights in multi-colors criss crossed on the main streets. The Nativity scene in the park triangle does much to add to the Christmas spirit. It was placed there through the efforts of the South Bay Garden Club and the lights were contributed through local merchants, city officials and the Florida Power and Light Co.

Some families can trace their ancestry back 300 years but can't tell you where their children were last night.

# Beverage Truck Wrecked

A beverage truck was destroyed Wednesday when the bumpy road near Glades Prison Farm caused the driver to lose control of the truck. About 20 cases of soft drinks were lost in the accident when the truck hit a tree on the east side of SR 15, according to FHP Trooper Ray Wetherington.

Trooper Wetherington said the truck, driven by George Reichard, West Palm Beach, was travelling south when the bumps in the road caused Reichard to lose control and cross the centerline to hit the tree. He escaped uninjured, however, he was charged with having no drivers' license.

## B String Is 1-1 Now Some Changes Occur

Seven basketball players have been placed on the B string squad from the Junior High Squad, according to coaches at Belle Glade High School, after it was learned that the JV squad would play a regular schedule of games this season.

Bob Stratton, Tommy and Johnny Bass, David Ward, Jack McCaskill, Danny Stanley and Dennis Deaton made the switch and will be playing B string ball before the season is over.

The B string has a 1-1 record for the year and has been coached by Bill Burke who now takes over the intra mural section of the through 9th grades as Luke Thornton moves in as B string manager.

The second team beat Stuart 25-21 but dropped the Pahokee game 44-24. Eddie Burton played the losers with seven points.

## Pahokee Defeats Ram Five 33-31

Pahokee stopped Belle Glade in the Suncoast Conference opener for both teams last Friday night 33-31, another close loss for the Rams who were stopped by one point against Stuart.

Neal Livingston and Butch Davis pumped in eight points each and Billy Forrester had a good night with seven markers. Livingston, who did outstandingly well against Stuart with 18 points, was bottled during the first half and off his game in the second stanza.

Hayes and Shackford led the winners with ten points each. By quarters:

Pahokee 8 13 33  
Belle Glade 8 16 31

## Mrs. Parson Resigns

After approximately three years as secretary of Belle Glade High School, Mrs. Peggy Parson has resigned.

Friday, Dec. 5, at 3:30 the

high school faculty gave her a surprise farewell party in the cafeteria, which was decorated with hibiscus, and refreshments of punch and cookies were served.

The faculty presented Mrs. Parson with a beautiful robe and gown as a farewell present.

## Galilean Haboush Is Wednesday Speaker At Belle Glade Hi School

Guest speaker at the Dec. 17 assembly program at Belle Glade High was Stephen A. Haboush, a native Galilean, who is a lecturer, author and world traveler. His wife, Leah, also participated in the pre-Christmas program.

Assembly for the high school was held at 10:30 and the elementary assembly was at one o'clock. Haboush, who appeared here last year, has travelled 500,000 miles in the past 35 years presenting lectures and stories of Christmas and his native land.

A Friday assembly at the school will feature the high school band in their Christmas program.

## Members Of 1949 BGHS Class To Meet Dec. 20

Willis Warren, president of the 1949 graduating class of Belle Glade High School, announces a business meeting of all members of the class in the area, to be held Saturday night, Dec. 20 at the High School here.

Plans will be discussed for the 10th year class reunion, and he urges everyone that possibly can to come to the meeting.

## Annual Staff Begins Race To The Wire

The annual staff have just begun its race to the finish line and all the poor, delapidated members are already gasping for breath!

"They're busy on the 'inside date' and all are working hard to send the '99 annual to press as the best we have ever had."

All the pictures taken in October have been returned and the staff expects to come into the home stretch in the early spring far ahead of any previous yearbook.

## Panel Climaxes School Institute

A panel discussion climaxed the Family Life Institute on Friday afternoon. This panel institute was composed of Mrs. James Bolland, Mr. R. W. Lanier, representing the parents; Coach Vince Marquess, representing the teachers; Sue Clark, Linda Wilder, Sid Pierce and Dick Dupere, representing the teenagers and Dr. I. Douglas Brown, as moderator.

The panel discussed parent-teen relationships and answered such questions as: What teenagers should be in from dates? How much money they should have, whether or not it should be given or earned and other problems arising among the family members.

As a whole, the entire senior high student body enjoyed the institute and it proved to be a beneficial time to almost all of them.

## Magazines Will Be Sold

The Junior class expects to launch its annual magazine drive the first or second week in January. The profits received from this sale goes to help sponsor the Junior-Senior Prom in the spring.

## Letters To Santa Claus

Older folks write letters to Santa, too. Here are some of the letters collected from teachers and other folk at Belle Glade High School before they were mailed.

Coach Maynor: Dear Santa, send me an apple cider machine. I have the apples! Mr. Maynor: Dear Santa: Please send me a coon tail and new license plate for my bicycle.

Coach Chelle: Dear Ole St. Nick: Bring me back my cookie machine! Miss Herrings: Please send me Luke wrapped and tied in a big box. (Ed. Note: Not the gospel).

Coach Marquess: Dear S. Send that bouncing baby boy, and hurry up!

Mr. Litchfield: Dear S. Send me a rod that will really catch fish!

Miss Slater: D. S. Please send me a man to ride in my new car. Mr. Thornton: Dear Santa: Just send me Alice Faye in any box. (Ed. Note: See!)

Mr. Stevens: Dear S. Please send me a wife. Mr. Morrie: Dear Ole Santa: Please send me a vacuum pump that works without pumping my arm off. Miss Olsen: Dear Santa: Please give me someone to go fishing with.

Mr. Dix: Dear Santa: Send me some notes for me to write students notes on.

Mr. Forrester: Dear Santa: Please send me a pair of ear-muffs, 'cause those typewriters are driving me crazy!

(Final Ed. Note: This year, keep your cotton-pickin' hands out of Santa's sack, folks.)

## Holsum Party Is Dec. 20 At Miami

Five Holsum Bakery employees from the Lake Okechobee area are among the 400 invited to Holsum's big annual party in Dinner Key Auditorium, Miami, Dec. 20.

Jodean Chalk, Holsum president, announced the party. Invited from the lake area are James Bryan, divisional sales manager, John Akina, Paul G. Ray, Glenn Jackson, and Charles Ditto, route managers.

Most of the employees who reside in Belle Glade and are well known to the many merchants on Holsum route.

Surrounding Lake Okechobee, President Chalk pointed out that the Holsum representatives insure prompt deliveries of Holsum products to retailers and restaurants in the lake area by working from a warehouse and office located in Belle Glade.

The five men will be among 400 Holsum employees who will share in \$25,000 in cash bonuses which President Chalk will distribute at the celebration Saturday evening.

Cash will be given to the winners of the contest. The bonus total this year is the largest in Holsum's history. It is given annually as a token of appreciation to company members.

Holsum employee is privileged to bring a guest to the turkey dinner and dance Saturday evening. Arrangements are being made for a total of 800 guests. The entertainment program will include humorous sketches. An orchestra will furnish music for dancing until midnight.

President Chalk issued an invitation to Glades residents and to winter visitors here to view the huge Christmas scene in front of the Holsum plant, facing U. S. Highway 1, in South Miami. Measuring 50 feet high and 25 feet high, it is rated as the largest animated Christmas display in South Florida.

Theme of the scene, which is illuminated at evenings, is "Santa's Florida Palace." It will be available for public view through Thursday, Jan. 1.

## BPWC Enjoys Annual Christmas Party

Members of the Business and Professional Women's Club enjoyed their annual Christmas party at the home of Mrs. W. Hooker Monday night, Dec. 15.

The house was decorated throughout with beautiful decorations made by the Belle Glade Garden Club.

Mrs. Rose Nash, program chairman presented the history of Christmas cars, trees and the real meaning of Christmas.

concluding her talk with the happiest Christmas that she could ever remember. Other

members also gave humorous talks on the Christmas season, remembered best and cherished.

The custom to share Christmas with those less fortunate was followed as members brought gifts for a family with seven children and staples and other foods for a Christmas basket. Clothing for the family was also added.

A social hour was enjoyed following the program. Hostesses were Mrs. Margaret Mosley, Mrs. Verda Mathewson, Mrs. Helen Morris and Mrs. Kathleen Livingston. Christmas goodies with whipped cream, coffee nuts and mints were served.

Mrs. Hooker was a guest and also added. Mrs. Corine Tittsworth, Mrs. Gene Womack, Mrs. Beatrice Keesee, Mrs. Marie Lee, Mrs. Ann Quinn, Miss Shirley Rhymes, Miss Gloria Zastava, Launna Croft, Mrs. Mary Lou Faulstich, Mrs. Frances Brumfield, Miss Gloria Crosby and Grace Delgado.

## Santa Comes Early For Some Veterans

Santa Claus will come early this year for those veterans in school under the G.I. Bill who cooperate with the Veterans Administration. November G.I. allowance checks will be in the hands of veterans' representatives promptly at the close of this month's training Rufus H. Wicks Manager of the St. Petersburg VA Regional Office, told them today. This special speed-up by the VA means the students will have their training checks before they start their Christmas holiday of having to wait for the normal 20th-of-the-month pay day.

For Santa to make this early delivery, students will have to fill out his November training certification and submit it to the school's principal and time for the school to get them into the St. Petersburg VA office by December 5. Certificates received in St. Petersburg in most cases cannot be processed in time to permit mailing allowance checks before December 19, Mr. Wilson warned.

The PTA of Lake Harbor met at the school with Mrs. Elbert Hester presiding. The meeting was opened by salute to the Flag followed by the devotional given by Mr. Elbert Hester. A short business meeting followed.

The school children gave a very interesting and delightful Christmas program. The children were trained by the music teacher, Mrs. Snider and teachers, Mrs. Ransom, Mrs. McNeil, and Mrs. Goff. The program was well attended by parents and friends. The banner was won by the fifth and sixth grades.

**Cure For Old Tax Problem Offered**

Do you end up owing the Government money every year on April 15, even though your salary and wages are subject to income tax withholding?

Laurie W. Tomlinson, District Director of Internal Revenue for your area, says there is a simple way to solve the problem for next year now during the month of December.

All you need is a written agreement between you and your employer authorizing an income tax deduction each pay day for an amount larger than the regular deduction for you," he said.

There would be fewer unhappy April 15 surprises for wage earners, if more taxpayers would take advantage of this authorized procedure, he added.

Mr. Tomlinson said two groups of taxpayers are likely to have a tax liability greater than the amount withheld.

In the other group are taxpayers whose income is great enough to be taxed above the lowest tax bracket.

Mr. Tomlinson said the second group includes single taxpayers with income over \$2,890, married couples without dependents with income over \$5,780, and married couples with two dependents and income in excess of \$1,110 who claim the full number of exemptions to which they are entitled.

Some of the figures who have become teenage institutions sound like they belong in one.

In the state of Washington there is a town named George.

## Handy Hints on Decorating Your Home for a Brighter and Safer Christmas

To help you make this Christmas season the brightest, safest ever, here are some worthwhile hints on decorating, inside and outside, all around the house.

#### Caring for Your Christmas Tree

As soon as you bring the tree home, stand it in a pan or tub filled with water until you are ready to set it up and trim it. This will prolong the life and appearance of the tree, keep the needles from falling, and minimize the danger of fire.

#### Trimming Your Tree

Keep your tree stand water well full and your tree will remain fresh and fragrant throughout the holidays. Bear in mind that tree trimming follows a fundamental rule: women's fashion—keep the opposite. If your tree is tall and slender, decorating lines should tend toward the horizontal. (See Fig. 1) If it is short and full, trim your tree along lines which tend to be vertical. (See Fig. 2) Applying this simple rule will help you bring out the best in the tree.

#### How Many Lights?

Too often, the number of lights used to trim a tree is arrived at by guesswork, and results look disappointingly "spotty." There is a formula, however, which does away with much of the guesswork and helps produce an evenly lighted appearance. To achieve what professionals call a "good lighted effect," try this formula:

Height of Tree (in feet) x Width of Tree at Base (in feet) x 3

Let's say your tree is 6 feet in height and 4 1/2 feet wide at the base. (See Fig. 3) The formula would work like this: 6 x 4 1/2 x 3 = 81 lights for "good lighted effect."

While personal taste is the last word in decorating Christmas trees, each year finds more families adopting the above formula which will help in bringing out the natural beauty of

their tree and give a "good-lighted effect."

No. of lamps required

Size of Tree

10' 225

8' 181

6' 137

4' 81

2' 25

Where to Start

Trees should always be

trimmed from the top down.

In working from the bottom up,

a trimmer is literally "in his

own way," and runs the risk

of knocking the tree down. So

start at the top, with your angel

or star ornament, and work

down.

After your tree-top ornament

is firmly in place, string the tree

lights, using the formula for

moderate cost, and these

greatly increase the brillian-

cy of your tree. Next, add your

"continuous" decoration, such

as string popcorn. Follow

this with glass ball ornaments,

snow balls, candy canes and

other decorations. Use the

aluminum or lead line, one

piece at a time, and finish per-

fecting with a spray of artificial

snow.

Most Important of All—Safety

From coast to coast, some 40-

000,000 families will light up

their Christmas trees this year.

If all of us practice safety, we

can make this the year when

no Christmas tree fire sweeps

through an American home,

turning a family's joy into grief.

There is a highly effective way

to protect against electrical

overloading. Simply make

sure you plug a safety "fuse"

plug set (such as those offered

by NOMA LITES) into your

original source of current and

set this to suit. This will ensure

protection against overloads and

short circuits, and prevent dark-

ened rooms due to blown-out

lights. In addition, inspect all

lights set carefully for fraying

or exposed wires. Let's make

this Christmas the safest on

record.

W. N. C. & W.

wreaths and candles come in

a wide variety to suit the indi-

vidual taste, while end tables

lend themselves to small arti-

stical Christmas trees with lights

that bubble or twinkle merrily.

Mantles provide an ideal set-

ting for angel figurines, candles,

and lights with reflectors set

in a background of evergreen

branches. (See Fig. 4) Foyer

tables are just right for a "spe-

cial" display, such as illumi-

nated paper poinsettias in a

centerpiece basket. Your stair

well, add with lights tucked

between pine and laurel

branches will add still more

charm to your holiday.

Outdoor Decoration Says

Merry Christmas To All

The exterior

of your home

and your

grounds offer

decorating op-

portunities. But

practice safety

outside as well

as inside. Make sure all outside

wiring is #12 or #14, rubber in-

sulated and heavy duty.

The best source of current for

outdoor lighting is a permanent,

protected outdoor-type receptacle,

or a garage or porch lamp.

Even without such an outlet,

you can safeguard your out-

door lighting. Merely drill a hole

in a board which will fit a con-

venient window snugly. Close

the window on the board and

run the outdoor wire in through

the hole in the board. The win-

dow can be "brake-locked" with

a stick. (See Fig. 5)

Your Doorway and Eaves

Lights in outline form

around a doorway, out-

door candles and lighted

garage doors are highly suc-

cessful holiday decorations.

Proved, "specialty"

units, such as Santas, Snowmen

and the like have more

recently come into greater use

near front doorways.

The saves of your roof repre-

sents an ideal place for

Christmas lighting. The most

common difficulty in light-

ing your roof is adjustable

20/20 vision. Successful ap-

plicants should receive their class

assignments within 30 days af-

ter complete qualification.

ed young men may obtain addi-

gation by calling or visiting the

ing is a tendency for lights to

run. Eliminate this problem by

sets through drive rings ham-

mered into the eaves at regular

intervals up to the house cor-

ners and roof peaks. The drive

rings will carry your Christmas

string of lights in straight and

beautiful lines, outlining your

home perfectly. Drive rings are

available at hardware stores

everywhere. (See Fig. 6)

Lighting Evergreens Outdoors

Evergreen trees on your front

yard can be especially appeal-

ing when lighted. Generally,

try this. Make your topmost

light white, and mix perhaps

two blue lights in the

pattern of

green lights.

In order to

protect a valu-

able Blue

or

Douglas fir,

build a simple

"teepee" to

carry the light strings. Found

stakes into the ground around

the tree, inside the spread of the

branches, and regular intervals

from the stakes to a point several

feet below the tree-top. Fit a

padded wire collar around the

tree stem at this point and

fasten wires to the collar. (See

Fig. 7)

Florida was one of only three

states in the nation which never

dropped below year-around em-

ployment levels at any time during

the 1958 recession.

This was reported today by

State Industrial Commission

Chairman James T. Vocelle. The

other two states in which em-

ployment held above the year-

around mark despite periods of

high unemployment were New

Mexico and South Dakota.

Vocelle said, "This is data

from which all Floridians can

take pride that their State has

continued to grow and develop

new job opportunities for her

people even during a recession

when unemployment was un-

usually high."

The figures cover the first six

months of 1958. Since then all

major states have more than

held their own compared to their

employment figures of a year ear-

lier.

The rate of increase of the

three states over a year ago was,

in June, 3.2 per cent for New

Mexico, 1.3 per cent for South

Dakota, and one per cent for

Florida. Florida is much larger

in both population and labor

force than either of the other

two. The Florida employment

recession over the year ago mar-

ket in June was 11,200 while the

increase for New Mexico was

6,700, and the South Dakota

gain represented 2,700 more

workers. In June, New Mexico

had 218,700 workers in non-ag-

ricultural employment; South

Dakota, 133,104, and Florida,

1,118,100.

Many a woman who can't

add certainly can distract.

## Uncle Dan From Democrat River Says

Dear Mister Editor:  
The time of year has come when business folks is handing out 1959 calendars and their financial experts is writing up their predictions for next year. The calendars is getting better or worse, sort depending on a fellow's age. Back years ago we had pretty winning in hats and veils, showing 'em from the waist up. Then we had a spell from the waist down, sometimes knees, silk hose and something a few unimaginationals. Then we had what you might call the Marilyn Monroe era when they showed 'em wearing practically nothing, up or down. This year I see they've gone out for more landscape scenes. My preacher is going to claim the calendar fashions is improving.  
And then writers making the financial predictions for 1959 don't take no chances with their reputation. The way they predict the situation, they can't lose. They claim we'll have a little rise here, a little dip there that prices will rise some and fall some. That's like saying tomorrow will be a bright and sunny day only it might rain. When a fellow stays a fraction of an inch above water, a little dip puts him under.  
I ain't no prophet, in fact I ain't too shore about what happened this year, but I'll give you my predictions for 1959.  
Both the Democrats and the Republicans say they is going to reduce taxes. I predict there'll be no reduction, that's visible to the naked eye. I won't have a long time and I ain't never saw taxes come down unless they put on some other levy to balance it off. Like the experts say, prices will go up and down. For instance, the price of cotton will go up around planting time and the farmers will start planting it like they had to get some of it growed to get into harvest. About the time they get it to the gin, the prices will fall.  
I predict 1959 will be about as usual. I'll rain to much at times, be too dry at times, politicians will do no better and maybe we will spend more money than they ought to, and most of us will spend more money we got.  
For folks like me in the nip and tuck class, we'll get a little ahead once in a while, decide maybe we can pay our taxes for a change, then someone will happen and the surplus is gone and we'll be back nipping and tucking.  
The best advice I got for 1959 is to put our faith in the good Lord and live it day by day.  
Yours truly,  
Uncle Dan

## Home And Family Living

By Joyce Challancin  
Editor's note: This is part two of a three-part article by a high school student outlining main points in a study of "Modern Family Living" which was recently completed at Belle Glade High.

Education on the part of both husband and wife is important in establishing a new home for future generations. Education is one great factor that influences the success of home and family. Only as people understand what they are trying to do, can they do it wisely.  
The person with an education has a better social standing than he would have without it, and up to a certain point, the higher his education, the higher respect he will have in the community. He will have greater vocational opportunities and, generally, higher income. Jobs are usually offered to the best educated people.  
Education can mean a better understanding of people and of the world in which we live. The higher the education level, the greater the chance for success in marriage.  
Our occupation is such a vital factor in our lives that its choice is one of the most important decisions we ever make. Our economic status, the type of people with whom we associate, our view point on local and national affairs, the possibility of participation in community activities, and the kind of friends we have are all determined to a large degree by our occupation.  
Since the root of all evil is money, it can be expected that the evils that afflict the modern home, it is a well-known fact that problems about money are one of the major sources of

The idea for health, as held by the ancient Greeks, is frequently suggested as a standard for us to use. This consists of the harmonious development of the body, mind and soul.  
It is important to choose our friends among people who are able to stimulate us intellectually, socially, religiously, and among those who leave us with a sense of well being when we leave them.

This question of age is not answered easily. People vary a great deal in the age at which they become mature. A few girls might be ready for marriage in their late teens. Boys or men should be far enough along in his chosen occupation for one to be able to make a reasonable prediction as to what he will be when he reaches the peak of manhood.
